OUTBORN WATERCRAFT

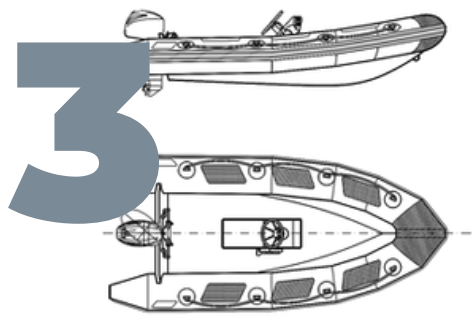

4 METER

Starting From - IDR 167,000,000

SPECIFICATIONS

LOA	4.03 m
LWL	2.974 m
BOA	1.828 m
DRAFT	0.159 m
DISPLACEMENT	295 kg
HULL WEIGHT	133 kg
HP RECOMMENDED	25 HP
HP MAX	40 HP
TUBE DIA.	0.43 m
PERSON CAPACITY	6
TUBE CHAMBERS	3
SOLE AREA	1.93 m^2

5 METER

Starting From - IDR 210,000,000

SPECIFICATIONS

LOA	5.01 m
LWL	3.68 m
BOA	1.97 m
DRAFT	0.18 m (Engine Up)
DISPLACEMENT	450 kg
HULL WEIGHT	375 kg
HP RECOMMENDED	40 HP
HP MAX	60 HP
TUBE DIA.	0.46 m
PERSON CAPACITY	7
TUBE CHAMBERS	5
SOLE AREA	3.10 m^2

STANDARD FEATURES

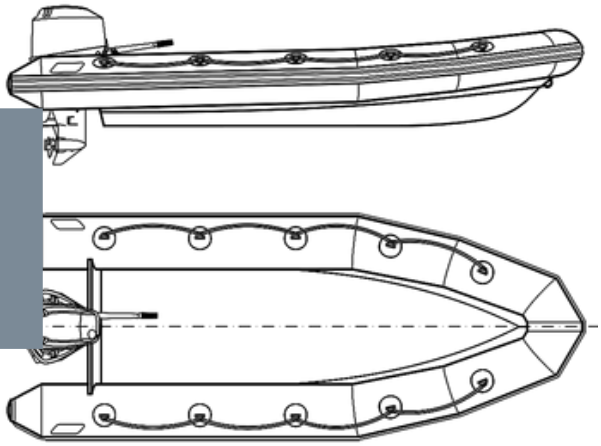

- 5.0m RIB White Composite Hull (ISO 9001)
- Storm Grey Hypalon Collar (1,300 g/Sqm)
- Heavy Duty Black Double D Rubbing Strake
- 5 Chamber Collar w/ C7 Inflation Valves
- EVA Foam Flooring
- Stainless Steel Bow Eye
- Lifting Points
- Tool Kit Pack

OPTIONAL EQUIPMENT

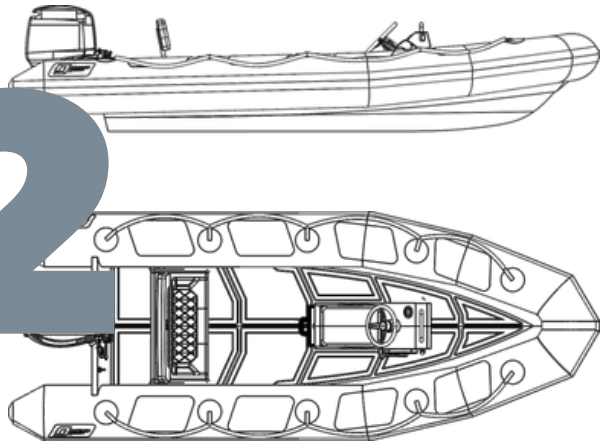

- FRP Compact or Jockey Console with Grab Bar
- FRP Aft Bench Seat
- Anchor locker with seat
- FRP Pod Seating
- Stainless Steel / AL 6061 T6 Aft Watersport Arch
- Rubber Grab / Cleat Handles
- Hypalon Anti skid / wear patches
- Hypalon Bow Reinforcement
- Premium Custom Pattern EVA Flooring
- VHF Radio / GPS Chartplotter / Fishfinder / Navigation Lights
- Sunbrella Protective Collar Cover
- Protective Helm Storage Cover
- Dive tank rack

6-METER RHIB FEATURED EQUIPMENT

TWIN YAMAHA OUTBOARDS 115 HP

Deliveringhigh-speedperformance without compromising the boat's buoyancy or waterline. This 1.8L inline-four configuration offers an exceptional power-to-weight ratio, ensuring the quick hole-shots and throttle response necessary for navigating heavy surf or tight maneuvers.

By utilizing a counter-rotating pair to eliminate steering torque, this setup provides a "neutral helm" that pairs perfectly with hydraulic steering for effortless, one-handed control even in challenging sea states.

HYDRAULIC STEERING SYSTEM

Seapartner hydraulic steering systems,madein Japan,

are designed for reliable and high-performance steering of outboard engines, featuring easy mounting, durable stainless steel components, and compatibility with various engine configurations up to 250HP.

Key features include a built-in lock valve to prevent rudder feedback, a relief valve for over-pressure protection, and options for both single and twin engine applications.

MARINE-GRADE EQUIPMENT

MarineEquipment forEnhancedSafety and Durability
Boat equipment, including latches, lights, and electrical systems, adheres to esteemed marine standards, such as Seaflo, Blue Sea, and Hella Marine, ensuring top-notch quality. This carefully curated selection will enhance your vessel's safety and longevity, even in challenging conditions.

Photos for example purposes, not standard model.

CONFIGURATION OPTIONS

7 METER RHIB

7-METER RHIB FEATURED EQUIPMENT

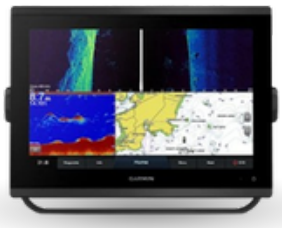

TWIN YAMAHA 150 HP

This configuration leverages a Double Overhead Camshaft (DOHC) 16-valve design to maximize airflow, delivering the high-end torque and "punch" required to safely navigate large swells with a fully loaded deck. These engines feature Electronic Fuel Injection (EFI) for optimized fuel economy and the PrimeStart™ system for consistent, easy ignition in cold or rough conditions, ensuring your 7-meter vessel remains agile and responsive under any workload.

ICOM IC-M200 VHF

The Icom IC-M200 is a compact, rugged, and submersible (IPX7) VHF marine transceiver known for its ease of use and reliable performance, featuring 25W and 1W power options, a powerful front-mount speaker, and essential functions like Dualwatch and Tri-watch, AquaQuake draining, and a built-in low voltage indicator.

GARMIN 1223XSV PACKAGE

The Garmin GPSMAP 1223xsv is a versatile 12-inch chartplotter and fishfinder that features a high-resolution touchscreen display, integrated sonar capabilities including Ultra High-Definition SideVü and ClearVü, support for traditional and Panoptix sonars, and comprehensive marine networking options

HYDRAULIC STEERING SYSTEM
